Adverting to your letter No L 2121 M1 48-38-18 dated 23rd August 1939, regarding the construction of the Municipal High school Building at Malavalli and directing that a more clear and definite statement as detailed in the letter be obtained from Messrs K V Venkatappa and H K Madiah, I write to state that the connected papers with the statement referred to, have been sent herewith

I may add that when the Second Member of Council recently inspected Malavalli, he was pleased to suggest that a Government building grant might be asked for, for this High School, on the same lines as those made to grant-in-aid High Schools The Member also suggested that a fund may be created in which all receipts of the High School might be put in, so that the fund may be useful for meeting any unforeseen emergent expenditure and also any abnormal deficit I beg therefore to - suggest that for the present the High School building may be built as per plan, by Messrs Venkatappa and Madiah and that the grant according to the rules, when given, may be permitted to be constituted into a fund as stated above
